Update on Extending "National Disinfection Programme"

All DP World Customers and Port Users

The National Disinfection Programme, announced by the Ministry of Health and Prevention (MoHAP) and the Ministry of Interior (MoI), has been extended until Sunday, 5th of April 2020 to be effective from 8pm to 6am. However, during the daytime, traffic and public movements shall continue as normal.

The drive expects all UAE citizens and residents to stay at home during the disinfection time, and only go out when it is absolutely necessary to get essential supplies, such as food and medicine, or working in vital sectors.

Therefore, we encourage all DP World Customers, Port Users, and Manpower Supply Service Providers to carry their Emirates ID and Employee ID issued by DP World as well as necessary permits while entering Jebel Ali Free Zone and Jebel Ali Port.

For permission to move outside for essential purposes during the hours of National Disinfection Programme, regisiter for permit request by visiting: www.move.gov.ae

We thank you for your constant support and cooperation. Should you require any further clarification, please feel free to contact Dubai Trade.
