23 April 2020

Dear Valued Clients,

In continuation to our previous communication dated 19 April 2020 with regard to inspection booking of FZ Transit out declarations with DWC as the exit point, please find the Revised procedure for inspection and delivery of cargo to Dnata FG 5 at Airport Free Zone:

Clients should choose Inspection Centre as "Al-Maktoum Cargo", check the "Follow up required" flag and choose Follow-Up Inspection Centre as "Airport Free zone", while making inspection booking. This will enable sealing of cargo prior to the transportation from DWC to Airport Free Zone.

The above procedure should be followed till further notifications are given in this regard. The procedure specified in the previous communication dated 19 April 2020 will not be applicable henceforth.

This facility is only for goods originating from Dubai Logistics City and JAFZA clients where the declared Port of Load in the declaration is DWC Al-Maktoum Cargo Terminal.

For any further inquiries or assistance, please do not hesitate to contact Dubai Trade on:
