Field Name	Field Size	Remarks
Container number + check digit	11	
Container agent code Agents name	6 30	Both data items are combined into a single field. Overall field length is 36
Container Line Code Line Name	6 30	Both data items are combined into a single field. Overall field length is 36
Isocode	4	
Activity type	7	DISCH, LOAD, DELVD, RETD, CFS-OUT, CFS-IN
Designation	1	F=FCL,L=LCL,T=T/S,M=MT,E=EXP
Actual move date (**YYMMDD**)	6	
Actual move time (**HHMM**)	4	
Move type Move description	2 20	Both data items are combined into a single field. Overall field length is 22
Rotation number for DISCH,LOAD Vehicle number for DELVD,RETD	6	
Vessel name for DISCH,LOAD	30	
Agents' voyage no. for DISCH,LOAD	6	
Next port of discharge	3	
Weight (**999.9**)	5	Discharge wt. for DISCH, DELVD Load wt. for RETD Zero wt. for MT
Contents code for DISCH Contents description	2 20	Both data items are combined into a single field. Overall field length is 22
Port of loading	3	For type DISCH & LOAD (T/S) For type LOAD, it is DXB for other than T/S
Load stowage for LOAD	6	
EIR no.	6	For DELVD & RETD
Bill of entry no.	10	For DELVD & designation FCL only
Seal no.	10	for DISCH & designation FCL,LCL,T/S
Final Destination	3	
Agent Reference No. Terminal ID	15 2	

Table V.4.3.a Agents' Moves Download File Format
Fields are quote (“”) delimited, comma (,) separated in each record

Field Name	Field Size	Remarks
Port code	1	This is either “J” or “R”
Agent code	6	The DPA agent code for the box
Line code	6	The DPA line code for the box
Container no.	11	Includes the check digit
ISO	4	
Discharge date (DD-MM-YY)	8	
Discharge time (HHMM)	4	This is in 24 hour format
Discharge rotation	6	
Discharge vessel	30	
Discharge agents voyage	6	
Delivery date (DD-MM-YY)	8	Date box was delivered to town
Delivery time (HHMM)	4	This is in 24 hour format
Return date (DD-MM-YY)	8	Date box was received from town
Return time (HHMM)	4	This is in 24 hour format
Current Location	8	
Days stored	3	Number of days the box has been in DPA
Stop date (DD-MM-YY)	8	
Stop time (HHMM)	4	This is in 24 hour format
Stop flag (Y/N)	1	“Y” if the box has been stop listed
Stop reason	60	
Damaged (Y/N)	1	“Y” if the box is recorded as damaged
Damage Description	60	
Load rotation	6	Present if the box is on a load list
Load vessel	30	
Load agents voyage	6	
Destination port code	5	UN location code, 2 character country code + 3 character city code
Designation	3	One of : LCL, FCL, T/S, EXP, MT
Status	1	Currently only “Y”. In future To Town can be included (“T”=Town)
Inspection code	3	DPA’s internal inspection code
Reefer connected (Y/N)	1	“Y” if reefer is connected

Field Name	Field Size	Remarks
Consignee	30	Consignees name if known
Leaking (Y/N)	1	"Y" if box is leaking
Out of list (Y/N)	1	"Y" if box was discharged out of list
Content code	3	The first 3 digits from the international harmonised codes
Document type	1	1=Normal B/E
Document number	10	
Seal number	10	
Last EIR number	6	
Last EIR date (DD-MM-YY)	8	
Last EIR time (HHMM)	4	This is in 24 hour format
Weight (99.9)	4	The weight of the box in tonnes
Out of gauge (Y/N)	1	"Y" if box is out of gauge
IMCO	3	
UN number	5	
IMDG Page number (9999999.99)	10
